You're probably not thinking about your financial future or retirement, but...

IT WILL HAPPEN

So...now is the perfect time to

CHOOSE

YOUR FUTURE

lame 😢 or ***AWESOME!*** 😀👍

BUT HERE'S THE BEST PART:

Having an AWESOME future isn't even THAT HARD!

IT ACTUALLY TAKES VERY LITTLE

A LITTLE **VISION**

A LITTLE **PLANNING**

A LITTLE **DISCIPLINE**

THIS IS WHERE THE

COMES IN

Buying a cup of coffee isn't a big deal, right?
Let's say it's not even a pricey coffeehouse latte...
Let's pretend it's an iced mocha from a giant burger chain.

Cool, delicious, keeps you awake.

BUT WHAT IF YOU GAVE THAT $ TO YOURSELF

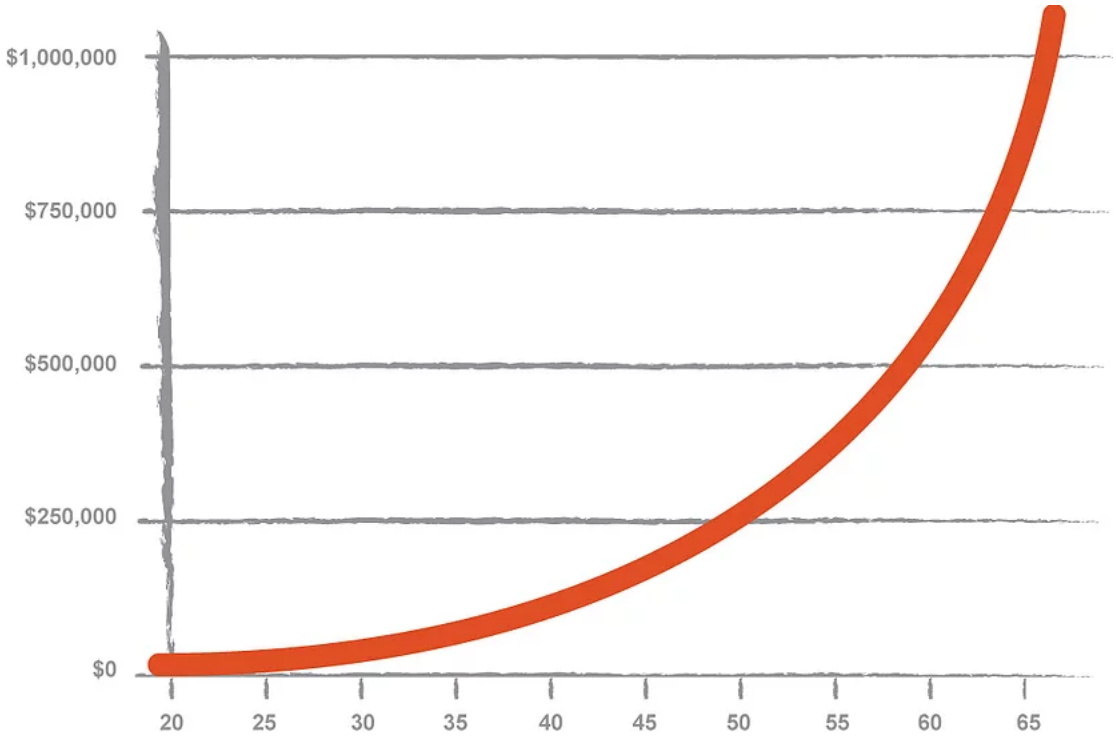
INSTEAD OF TO THE CLOWN?

YOU MAY WIND UP WITH SOMETHING MUCH MORE POWERFUL THAN CAFFEINE

Let’s run the numbers:

Your coffee money:

Let's say you're **20** and you take the equivalent of an iced mocha **EVERY DAY** and invested it wisely.



Through the MAGIC, of compound interest, your investment could be worth more than **$1,000,000*** by the time you retire.

YOU READ THAT CORRECTLY!

OVER

1 MILLION DOLLAR$

(Remember, this is from coffee money.)

BUT WHY DO WE SAY

“NOW”

IS THE TIME?

→ **BECAUSE STARTING LATER WILL**

COST YOU BIG!

25

If you wait until **25** to start investing, your nest egg will be reduced by about **$375,000**.

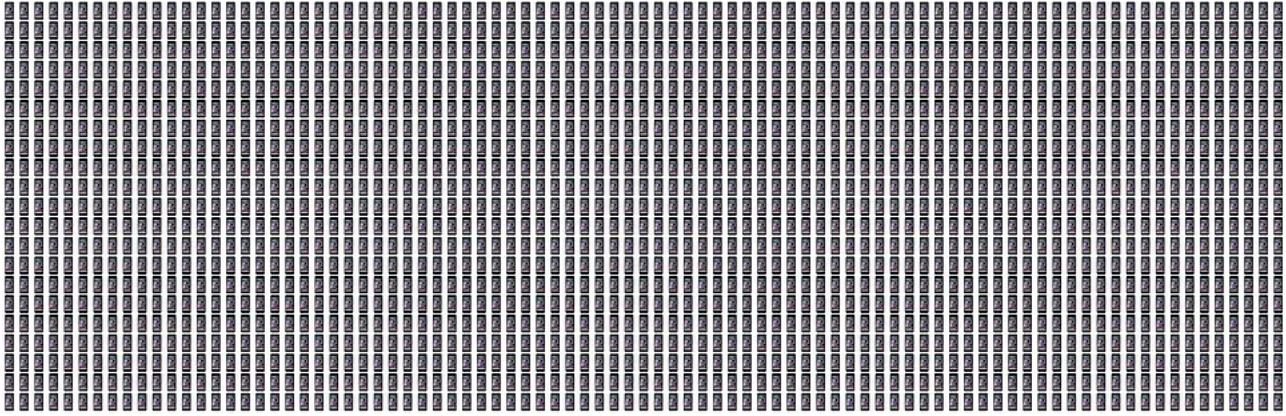
30

And waiting until **30** will cost you a whopping **$615,000**, leaving you 60% less!

STARTING AT AGE 30 CAN COST YOU $615,000???

That's this oceanfront house in Florida.

Six Porsche 911's.



Or 1,500 iPhones...*the good ones!*

“BUT WHY DO I EVEN NEED SO MUCH MONEY?”

That’s a great question. Here’s the deal, it’s not about things or status or keeping score...

...It’s about:

FREEDOM

SECURITY

INDEPENDENCE

And YOU being in control of your destiny.

RECAPPING: The equivalent of coffee money set aside daily, wisely invested, and left alone to the power of compound interest can make you a millionaire by the time you retire..

THAT IS THE MILLION DOLLAR CUP OF COFFEE

Congratulations! You now know more
about money than most of your peers.
IN FACT, YOU'RE A FINANCIAL GENIUS!

NOW IT'S

TIME TO

START

We all know you don't need to be a master watchmaker to tell time, you just need to know the basic rules of timekeeping and what the indicators mean.
