EMANCIPATION CAPITAL

"Unlocking deep value in the technology sector"

Who we are

Founded in 2003, Emancipation Capital manages unique long/short equity and SPV funds that employ fundamental analysis to identify deep value opportunities within the technology sector.

Team

What we do

We differentiate ourselves by finding inefficiencies among companies that have an attractive relative valuation, stable recurring revenue base, strong balance sheets, and identifiable change agents.

Technology Value Investing

Who we serve

Our investor base includes a mix of institutional and high net worth individuals, many of whom have been invested with us since the Fund's 2003 inception.
