WHO WE ARE

Spouting Rock Financial Partners was first established in 2006 as a family office and investment consulting firm offering wealth management services to other family offices and individuals. In 2007, Spouting Rock Capital Advisors, a full-service merchant bank, was created. Our diversified asset management division launched in 2018 and is the latest evolution of the Spouting Rock brand.

Spouting Rock Asset Management is a boutique firm focused on finding inefficient strategies in the market and creating a suite of unique products to take advantage of such. Our commitment is to build wealth for our clients and protect their capital. Those are two core guiding lights for our business. We are flexible, nimble and hungry, which we think are timely characteristics that will resonate with financial advisors.
