Established in 2003, MidOcean Partners is a premier New York-based alternative asset manager that specializes in middle market private equity and alternative credit investments. Since inception, the focus of MidOcean Private Equity has been on high-quality middle market companies with attractive strategic, operational and financial growth opportunities in the consumer and business services sectors. Established in 2009, MidOcean Credit manages more than \$8 billion across a series of alternative credit strategies, collateralized loan obligations (“CLOs”), and customized separately managed accounts as of March 31, 2019.
