# BULLDOG INVESTORS: PROTECT AND GROW YOUR WEALTH

[LEARN MORE](#)

# At Bulldog Investors, our goal is to solve two common issues most investors face: minimizing risk while producing equity-like returns.

Our clients, high-net-worth individuals and wealth managers, many of whom have trusted us with their funds since our firm was founded almost three decades ago, enjoy our proven, time-honed, and systematic investment process that strives to provide the comfort and risk mitigation of owning a bond, while attempting to provide returns only an equity exposure can produce.
