

MMA Capital Holdings, Inc.

NASDAQ: MMAC

We invest in debt associated with renewable energy infrastructure and real estate. We focus on investments with attractive risk adjusted returns that generate positive environmental or social impacts.

Our Business Lines

MMAC's investments, other assets and liabilities are organized into two portfolios:

ENERGY CAPITAL

We invest in loans that finance renewable energy projects to enable developers, design and build contractors and system owners to develop, build and operate renewable energy systems throughout North America. These loans include late-stage development, construction and, to a significantly lesser extent, permanent loans.

OTHER ASSETS & LIABILITIES

We manage the Company's bond-related investments, cash, loan receivables, real estate-related investments, subordinated debt and other assets and liabilities of the Company.
