

An investment consulting firm  
focused on our **clients' goals.**

**Prairie Capital Management, LLC**, an SEC registered investment advisor, was established in 1995 in response to clients' desire for objective, customized, and innovative wealth management services. Today, Prairie Capital serves clients across the United States through offices in the Kansas City, Chicago and Dallas metropolitan areas. Our clients include high net worth individuals and families, foundations, endowments, and other institutions.

Prairie Capital's sole business is wealth management and investment consulting. Our investment philosophy focuses on providing high caliber wealth management services customized to meet the needs of each client, while seeking to generate attractive risk-adjusted returns across full market cycles. Prairie Capital employs both traditional and alternative strategies in client portfolios, with a primary goal of matching investment strategies with the unique needs of each client. Importantly, Prairie Capital is independent from the investment managers utilized in client portfolios.

The firm's belief is that through the education of each client on our investment philosophy, and after an evaluation of the client's current portfolio and financial objectives, we will provide our clients the freedom to choose from a complementary blend of investment strategies across a broad spectrum of asset classes in an attempt to obtain superior risk-adjusted returns. We believe this is achieved through the following:

- Alignment with Client Objectives
- Customized Asset Allocation
- Prudent Manager Selection
- Detailed Investment Research
- Personalized Attention
