

Profit from two investment approaches... united in one partner.

Our investment philosophy sets us apart. [Discover More >](#)

Investing With Insight and Integrity

Matarin Capital's investment approach takes advantage of a unique combination of fundamental and quantitative investing—what we call part art, part science. With a long track record of investment experience and strong team cohesion, we strive to deliver an ideal mix of investment rigor and forward-looking, thoughtful analysis of what will drive future investment returns.

How We Invest

Matarin strives to bring the best of both fundamental and quantitative investing to our clients. Part art, part science, our disciplined process allows us to make investment decisions that combine intellectual rigor with robust, quantitative models that are developed, tuned and continually refined by our team.
