Hulsey Financial & Wealth Management

Are you tired of worrying about your investments? Any registered representative can buy or sell investments for you. At Hulsey Financial, we understand that your individual financial situation is unique and deserves an equally unique approach designed to help put you on track to reaching your financial goals.

Because we are an independent firm, we have no obligation to sell proprietary products or services, so we can be openly selective in offering only those investment products and services that we believe are best suited to help meet your financial objectives and goals. This is the objectivity afforded by working with an independent financial consultant. We offer you timely, unbiased investment advice, and promise to do so with the highest level of integrity and service.

Our broker dealer, DFIG Investments, Inc., is one of the leading full-service independent brokerage firms in the nation. Known for select service and flexibility, DFIG offers full service custody functions, state-of-the-art technology and execution capabilities in all major markets with a contemporary, independent perspective.
