Experienced Investors Across the Capital Markets

Nuveen Asset Management has developed investment strategies that span fixed income, equities, and alternatives.

With 59 portfolio managers collectively averaging 25 years of experience, Nuveen Asset Management is a **robust multi-asset class investment manager**, providing institutional clients with a broad array of capabilities, investment strategies, and insightful commentary.

Strong Research Foundation

Our approach to active management relies on rigorous research and risk management. We have built investment teams where these elements thrive, where research is tested through collaboration, and success is measured against your objectives.

Highly resourced team of 78 analysts with an average of 18 years of experience. The **multi-dimensional fundamental research platform** enables our investment teams to identify opportunities to add alpha over time.

Authoritative

Our investment leaders are recognized for their experience and for the insight they have gained from years working in the investment markets. That experience informs active investment strategies and drives performance for our clients.

Our investment philosophy, and the process that supports it, has produced **meaningful returns against relevant benchmarks and peers through multiple cycles.**

This material is not intended to be a recommendation or investment advice, does not constitute a solicitation to buy or sell securities. The information does not take into account the specific objectives or circumstances of any investor, or suggest any specific course of action. Investment decisions should be made based on an investor's objectives and circumstances and in consultation with his or her advisors.

All investments involve risk and there is no assurance that an investment will provide positive performance over any period of time. Past performance does not guarantee future results.
