

If you intend to sell, are selling or have recently sold a company worth \$10 million to \$100 million or more...

Read This Book!

The information you'll find inside comes from working directly with over 2,000 individuals who've sold their companies at a sale price ranging from \$10 to \$100 million and above. It contains the

- surprising situations
- unanticipated financial matters
- unforeseen emotions

and more that their advisors, CPA, attorney and family never prepared them for!

“After reading Ted’s book, I realized there could be life following the sale of a business. My wife and I have enjoyed a great non-business life after I sold my company, based on the client examples Ted provides in this great book to read and share with others.”
