

Our singular objective is achieving long-term, risk adjusted capital appreciation through endowment model investing. [Review our Strategy »](#)

We utilize a variety of investment vehicles to meet our clients' needs. [Understand our approach »](#)

WHO WE SERVE

## Endowments and Foundations

Committed to the preservation and growth of perpetual capital, we offer a range of services from providing core exposure to alternative investments to fully outsourced investment management. [Learn More »](#)

## Financial Advisors and Family Offices

We offer both mature, evergreen portfolios of single private asset classes as well as multi-asset class, globally diversified portfolios. These portfolios incorporate broad diversification, rigorous manager selection, and disciplined risk management, which are all critical to the management of multi-generational capital. [Learn More »](#)

## Financial Institutions and Pensions

We collaborate closely with our global institutional investors – including sovereign wealth funds and national pension funds – to share critical thinking and develop strategies to meet specific exposure requirements. [Learn More »](#)
