'PRICING CARBON DIOXIDE EMISSIONS'

investment manager looking beyond the metrics of global economies, and into local dynamics seeking to mine untapped opportunities.

01. OUR CORE ELEMENTS

Process

We aim to work relentlessly at opportunities and probabilities until they become realities for our investment themes and, ultimately, for our investors. Our process is underpinned by exhaustive rigor.

02. OUR CORE ELEMENTS

Philosophy

We seek out micro changes that signal macro shifts. We think long term and constantly question. We immerse ourselves locally, traveling where others won't.

03. OUR CORE ELEMENTS

People

We are a meritocracy, where ideas, candor and debate are encouraged
