*Turning vision into value*

# ABOUT US

Hopkins Tameron Hostal “HTH” is dedicated to offering personalized, professional, and timely tax, consulting and wealth management services to our clients. The founders, Dave Hopkins, Joe Tameron, and George Hostal joined together in January 2017, after many years of experience together at a national firm. Their vision is to provide their clients with vast national firm experience and knowledge, but with the personal attention you deserve.

Our team is the foundation of our practice. HTH was lucky enough to hand select our team members from the national firm, who joined us on our new journey. Our team shares the same professionalism, values, and ethics that carry forward to provide a positive experience for our clients every step of the way. We take pride in offering a unique work atmosphere with a strong sense of comradery. HTH is committed to our team’s continued professional development and education, as our clients benefit from the technical expertise and broad knowledge base we offer.

Our commitment to these values is the reason that we are TURNING VISION INTO VALUE for our clients.
