LEADERSHIP TEAM

Venor aims to assemble a talented, experienced and efficient team. The Co-CIOs have over 40 years of collective credit and special situations investing experience. In addition, Venor has built what it believes to be an experienced team of talented support professionals in legal, compliance, operational, financial and investor relations functions. The Firm believes that its corporate culture is very much a merit-based one, and provides long-term incentives and an alignment of interests for its employees.

STRATEGY

As a firm, Venor tends to employ a variety of investment strategies depending on client objectives, market conditions, and the team's core competencies. Event-driven and special situations strategies are the two major investment strategies that figure into Venor's provision of investment services to its clients.
