## Our Mission at Ingold Group

**First, we offer a free service to every-one we meet.**

We believe that everybody has the right to receive the highest possible Social Security Income benefit that they're entitled to.

That's why we offer everybody, whether you're a client or not, this unique and specialized service. Our reports are customized just for you. Whether married, single, divorced, or widowed, your free report will provide you with the best information currently available on how and when to apply for your Social Security benefits, including how to coordinate your benefits with your spouse.

**Second, we specialize in working with the Baby Boomer Generation.**

While most Advisory Firms are generalist in nature, we at Ingold Group have adopted a Holistic approach to your retirement planning. We use our 25 plus years of experience to specialize in your needs, not ours. We are Independent Advisors and Licensed Fiduciaries who have taken the unique step of working for you, at a special time in your life.

Whether you are in the process of retiring, or just wondering what life after retirement holds for you, we will be here to help you start that next and most important journey in your life.

A lot has changed in the last 25 years, but our commitment to our clients and their goals has not. That's why we specialize in working with the Boomer Generation. We know that no firm can be everything to everyone and we hope that our commitment to you and your retirement needs are reflected in everything we do, from our free Social Security Maximization reports, to our comprehensive annual review. Our Holistic approach is designed to help keep you on track to achieving your ultimate goals.
