

## *Your success is our passion*

At Tudor, we hold ourselves to the highest standard of performance in our community—for our clients and for ourselves.

We are committed to being a global leader in the investment management business, and meeting the demands of today's dynamic financial markets with deep experience, rigor, and creativity.

# ABOUT

## *We have a long storied history and a compelling future*

## About Us

Our Founder and Chief Investment Officer, Paul Tudor Jones II, is one of the pioneers of the modern-day hedge fund industry. Paul began his career in the cotton pits before forming the Tudor Group in 1980. Paul was eager to create a firm differentiated by a steadfast dedication to client objectives and guided by strong ethics and values.

In the nearly four decades since, Tudor has grown into a global investment firm with offices in Connecticut, New York, Palm Beach, London, Singapore and Sydney. While we are best known for our

in order to compete in rapidly evolving markets. As such, we commit significant resources to research and development across a variety of strategies in order to expand our edge. Ultimately, we seek to generate consistent returns for both client and proprietary capital through the use of best-in-class research, trading, and investment techniques.

# CAREERS

*Our next generation is in the making*

## Careers

Tudor understands that organizational excellence begins with people. We are seeking highly motivated professionals who share a passion for the markets and for testing the boundaries of conventional wisdom. We are self starters who are entrepreneurial, deeply engaged in the the markets, pioneers in the use of technology, performance-driven, and prudent in the face of risk.

If you are interested in engaging with us in such pursuits, we'd welcome the opportunity to speak with you about career opportunities in the following areas:

**Discretionary Global Macro** - Tudor's discretionary global macro strategy trades a broad range of markets and securities including global interest rates, derivative instruments, currencies, commodities, and equities. Portfolio Managers and Analysts combine quantitative analysis, fundamental research, and experienced judgment to make trading decisions.

**Systematic Strategies** - Tudor's Systems Trading Group, led by Steve Evans, employs rigorous, applied research methods to test investment hypotheses and design quantitative computer-driven trading models across various investment horizons and global liquid asset classes. We are currently seeking

Management and Control – This group of intellectually curious professionals pay attention to details and work together to help the company succeed. We look for individuals who are starting or have excelled in their chosen field. These fields can include Technology, Finance, Human Resources, Legal, Operations, Research, Risk, and Compliance.

To apply for a role in any of these groups, please see below.
