Tim Schneider, CFP®

J&F Wealth Management, Inc. was born from the desire to find a NEW way to help clients improve and organize their financial lives into an easy to understand interactive format. We are an independent firm that is committed to helping clients solve their complex financial goals.

Having developed and refined his proprietary process:

some things have become clear...

“ At **J&F Wealth Management, Inc.**, we recognize that we are not all things to all people, nor do we want or expect to be. We are all things to some people and our client relationships are based on a very specific **FIT** process, allowing us to partner with those clients we are most suited for. In doing this we are able to provide an elevated client experience keeping all the pieces of each clients individual financial plan in place.
