

-PRESENTS-

THE TALENT SUMMIT

AUGUST 23, 2018 . SAN FRANCISCO

[REGISTER NOW](#)

ABOUT THE EVENT

It goes without saying: People are the lifeblood of every organization. But in today's ultra-competitive talent market, what does it take to attract and retain the very best employees—those skilled professionals who will help scale your company to its next major milestone, round of funding, or eventual IPO?

The Battery Ventures Talent Summit will feature heads of talent, HR and people who have scaled brand-name companies—including Affirm, Coursera, Lyft, Stripe, Wag! and more—to share the lessons learned from their journeys.

The action-packed afternoon will cover topics ranging from strategically scaling your organization and managing through hyper-growth to compensation; talent acquisition and retention; and diversity and inclusion.

We hope you can join us!
