Welcome to JZ International: Building success through long term investment

JZ International specializes in investing in and building small to medium-sized businesses in partnership with founders and entrepreneurs. JZ International has invested in more than 30 platform companies across Europe in all types of service industries.

JZ International is focused on long-term growth and the creation of value to generate superior investment returns. Our 'buy and build' strategy provides owners and management with the liquidity to implement long-term growth plans.

Typically, businesses in which we invest have an enterprise value of between €5 million and €250 million, are well established, strongly managed, consistently profitable and show good growth prospects.
