Platinum Equity specializes in closing complex acquisitions across a diverse range of industries. Our deep pool of capital enables us to consider a wide range of deals; our M&A teams mitigate transaction and transition risks to the benefit of sellers, their employees, their customers, and their suppliers; and our operational expertise enables us to see opportunity where others may not. We are an acquirer that partners closely with management teams to create innovative solutions to complicated financial and operational scenarios. Since our founding in 1995, we have completed over 250 acquisitions from some of the world's most respected companies.
