

**VELOCITY**  
NETWORK

## **ABOUT VELOCITY NETWORK**

**POWERED BY CRV, GENERAL CATALYST, AND MAYFIELD**

The Velocity Network provides senior IT decision makers with unparalleled access to the emerging technologies and leading companies shaping the technology landscape. The network is designed to give

decision makers the power to explore emerging trends, discover the most promising startups, and build community with peers who share the same challenges and successes within a private, professional network.

## FAQ

# UPCOMING SESSIONS

The Velocity Discovery Series convenes IT executives with leading tech companies delivering new solutions to mission-critical challenges in the enterprise. The sessions are held monthly in NYC.

## **TESTIMONIALS**

< “Bringing together the product teams and their investors in the same setting provides great insight into not only the product roadmap but also how they see the market shaping up and why they are backing who they are backing.” >

**Sashi Edupuganti**, *HBO*
