

A Fully Integrated Real Estate Investment Company

Arden Group is a privately held, vertically-integrated real estate fund manager, investor, and operator that owns and finances properties across the United States. Since our founding in 1989, Arden Group has managed more than \$5.5 billion of real estate assets and acquired and/or developed more than \$3.5 billion of properties through joint ventures and discretionary investment funds. Through our equity and debt funds, Arden Group is focused on investing in and lending to value-add properties located in larger U.S. markets with demonstrated positive demand factors and historical market resiliency. Our fiduciary mindset, coupled with an entrepreneurial and collaborative culture, has resulted in a track record of strong returns for our investors that spans 30 years across multiple market cycles.*

**Arden Group's track record is available upon request to fund investors and includes direct investments as well as funds' investments. Fund track records are audited. Preqin's ratings are based on internal rates of return.*
