Pro-Lifers are behaving 100% appropriate if they truly believe children are getting murdered.

Voted 60% unpopular

The biggest debate between pro-lifers and pro-choicers is whether or not a fetus classifies as a life, but if pro-lifers believe it is in fact a life they believe a baby is murdered in which case any human being with a shred of humanity would be outraged.

Which makes the "iT's NoNe oF yOuR bUsInEsS" argument as dumb as saying: child abuse or child molestation isn't your business so don't be outraged.
