# What is Numovo?

Numovo eliminates the inconvenience and anxiety associated with traditional investment practices by offering immediate access to low-minimum investing, an expert support team of researchers and financial analysts, and easy to use tools that are tailored to your lifestyle and financial goals.

Numovo's behavioral science experts use a questionnaire to customize your portfolio to your specific needs and risk levels. Your portfolio composition is overseen by our professionals with years of experience in securities markets and are broadly diversified. You can set up your plan once, have it execute consistently, and save regularly.

Additionally, with every new client and investment, Numovo helps a child's future by donating a portion of our profits to the Cincinnati Children's Hospital to **assist in the fight against pediatric cancer**. We consider it our responsibility and privilege to commit a percentage of our profits to the research and elimination of cancer in children.
