### Making Informed Financial Choices...

It's not always easy to know what the best financial decisions are for your situation. That's why people seek advice from Financial Advisors. At Retirement Income Advisors, our number one priority is to get all your facts, find out what your dreams, goals and concerns are and present to you the options that will help get you there.

We work with the following types of clients:

- Retirees and people close to retirement
- Professionals and Small Business Owners
- Attorneys and CPAs
- Women in Transition

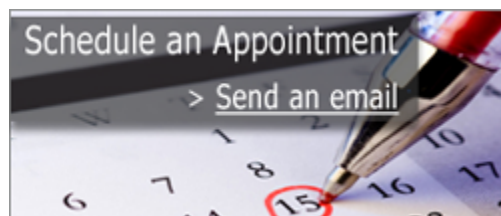

Once you establish a relationship with Retirement Income Advisors, we become your personal Financial Advisor. Acting in this capacity, we keep you informed so you can spend more time with family and friends, enjoy leisure activities, and pursue your most important lifetime goals.
