## **How Will Working Affect Social Security Benefits?**

Knowing the rules may help you decide when to start benefits.

**LEARN MORE**

**"Our first priority is helping you take care of yourself and your family. We want to learn more about your personal situation, identify your dreams and goals, and understand your tolerance for risk. Long-term relationships that encourage open and honest communication have been the cornerstone of my foundation of success."**

We believe that value added is not measured by what you say, but by what you do. With that in mind, our focus is on helping to generate better outcomes for our clients and by consistently making sure they make measurable progress toward their goals. When our clients have become better investors, have implemented asset allocation and risk management strategies, and have, through their actions, mitigated fiduciary liability, then we have added value.
