Who We Are

About Beacon Financial Education

Beacon Financial Education was created with the purpose of providing individuals with the information they need for financial control, stability and simplicity. It doesn't matter what stage of life you're at – a recent graduate starting to contribute to a pension through to a retiree – there are important financial decisions to be made that can greatly assist in fulfilling your dreams.

Living Abroad

Sound Financial Advice While Living and Working Abroad

Living abroad definitely has its perks. But no amount of financial planning can fully prepare you for all that might occur while you're working and living in another country.

In addition to VISAs, citizenship issues, taxes, obtaining loans, currency exchange and obtaining credit; questions always arise about what you should do with the money you're

making while you're away from your native land.
