Get To Know Golub Capital.

Golub Capital is a market-leading, award-winning private debt platform with over \$30 billion of capital under management. Golub Capital's Middle Market Lending business specializes in delivering reliable, creative and compelling financing solutions to U.S. middle market companies backed by private equity sponsors. The Middle Market Lending team has particular domain expertise in select industries, including software, technology services, healthcare, consumer and restaurant and retail. The firm's credit expertise also forms the foundation of its Late Stage Lending business and its Broadly Syndicated Loan investment program. Across its activities, Golub Capital nurtures long-term, win-win partnerships that inspire repeat business from its private equity sponsor clients and investors. Founded in 1994, Golub Capital today has over 400 employees and lending offices in Chicago, New York and San Francisco.
