

ENTREPRENEURIAL MINDSET.  
LONG-TERM VISION.  
DEEP SECTOR FOCUS.

Eden Capital is a sector-focused private equity firm backing leading management teams in business services, healthcare services, and education companies.

We partner with management teams, owners, founders, and industry experts to invest in small and medium sized companies featuring proven, scalable business models, a profitable operating history and a sustainable competitive advantage.

Eden Capital's sector focus provides our firm with an important and expansive knowledge base, key resources and industry and sector leaders. Together these qualities give sellers certainty of close, experienced management teams and a strong partner to grow their business.

Eden Capital employs a flexible and innovative approach, investing through control, majority or substantial minority positions. The firm targets equity investments of \$5-50 million from its dedicated fund along with invited co-investors.
