

ABOUT

Bracket Capital is a global multi-asset investment manager based in Los Angeles, California.

Founded in 2017, Bracket Capital develops strategies that quickly meet and respond to its investors' needs and aspirations. Investors have the option to invest in one of our diversified Venture Funds or directly on a deal-by-deal basis through Bracket's Private Investment Club.

At Bracket Capital, we employ a systematic methodology which identifies unique risk/reward profiles across the venture landscape. This hybrid strategy leverages access, insights, and deal flow through our investments. As a partner and investor to the early-stage venture community, we are an ally to both entrepreneurs and fund managers. This provides us with the highest quality deal-flow, enhanced networks, and increased ability to diligence founders.
