Get your podcast into all of the top directories

Reach millions of potential listeners by listing your podcast in Apple Podcasts, Spotify, Google Podcasts, and more. Buzzsprout feeds are compatible with all the top directories, so your podcast will appear wherever people are searching for it.

Easily create and publish episodes

Upload your audio file and Buzzsprout will take care of the rest. Publish your episodes immediately or schedule a day and time you'd like your episode to be available for your listeners.

Podcast stats that are easy to understand

Get to know your listeners with podcast statistics. See stats like your total plays over time, what apps people are using to listen to your podcast, and where people are listening to your podcast.

See how Buzzsprout works in just 60 seconds

Buzzsprout is so easy to use you'll feel like a podcasting pro in no time.
