Thompson Wealth Management Joins with Lexington Wealth Management

We are excited to welcome the Thompson Wealth Management team and their clients to our Lexington family. Thompson's long history as an independent investment fiduciary and careful steward of its clients' financial matters aligns with our mission to connect the head and heart of wealth management — logic and emotion — to achieve success.

Together we believe this merger will enhance our abilities and allow us to provide the services and solutions our mutual clients need to succeed on their paths through life.

"It is not in numbers, but in unity, that our great strength lies."
