OUR EXPERTISE

- Fixed Income

Winthrop Capital Management specializes in the management of fixed income portfolios built to maximize income and generate strong risk-adjusted returns for institutions, foundations, endowments, pension funds, insurance companies and private clients. We manage taxable and tax-exempt strategies as well as customized portfolios including Liability-Driven Investment strategies. For more information about our fixed income strategies, click here. (<http://winthropcm.com/strategies/#fixed-income>)

- Equity

Winthrop Capital Management manages value-focused equity strategies, seeking to invest in equity securities that are undervalued and uncover opportunities in stocks overlooked by the market. Click here for more information about our equity strategies. (<http://winthropcm.com/strategies/equity>)

- Risk Management

At Winthrop Capital Management, we believe that portfolios should be actively managed to both return and risk objectives. Our risk management focus utilizes proprietary risk models and we calibrate

portfolios to meet desired investment objectives while minimizing risk. Click here to learn more about our risk management approach. (<http://winthropcm.com/advantages/#risk-management>)

"We continually strive to achieve the highest standard of excellence in all that we do.
