Stay for what you discover.**

**Okay, it's not actually hard to explain.**

We lied. But now you understand this thing. So come on in.

[What is Tumblr?](#)

## **Tumblr is so easy to use that it's hard to explain.**

We made it really, really simple for people to make a blog and put whatever they want on it. Stories, photos, GIFs, TV shows, links, quips, dumb jokes, smart jokes, Spotify tracks, mp3s, videos, fashion, art, deep stuff. Tumblr is 470 million different blogs, filled with literally whatever.

## **Tumblr is blogs.**

Turns out that when you make it easy to create interesting things, that's exactly what people do. All those great, random blogs your friends send you, those are Tumblr blogs. We'll help you find and follow blogs like that, and we'll help other people find and follow yours.

## You already know how this works.

Once you follow a blog, all of its posts show up in your dashboard, just like you'd expect. See something great? Reblog it to your own blog. Add commentary if you like. Make it your own. Other people will do the same to your posts. That's how you meet people here.
