## ***Watch Guard of Investor Money***

Two major downturns since 2000? We're still here. Every day we wake up and ask ourselves, "What happens when the market falls apart?"

That is where our investment strategies start.

Our long track record is built on our foundational philosophy, Downside First Focus, and is what you would expect from an employee-owned firm that dares to challenge industry standards.

### **Hundreds of Firms Considered One Chosen**

For the second year, Frontier has been awarded, not one, but two prestigious industry awards.
