Seer Capital Management LP is a diversified, credit-focused investment firm founded by Philip Weingord in 2008 that primarily invests in structured credit and loans. We allocate capital opportunistically across all major asset classes within structured credit in the U.S. and Europe, including: residential and commercial mortgages, syndicated and SME loans, and a variety of consumer loans (auto, credit card, student, housing). These investments are executed through active trading in both legacy and new issue securitizations, purchase and securitization of whole loans, and direct lending joint ventures.

Seer Capital is based in New York and has approximately \$1.2 billion in assets under management as of January 1, 2019. The firm has 32 employees and has been a registered investment advisor with the U.S. Securities and Exchange Commission (SEC) since 2009.
