# OUR FOCUS ON INNOVATIVE MEDICINE

We have developed expertise through our comprehensive study of industry and academic efforts in targeted areas of significant innovation.

By focusing our energies, we believe we can add more value to entrepreneurs and scientists. Our current focus areas include both technology platforms and disease areas, and include:

# OUR SUCCESSFUL PARTNERSHIPS

We support companies through the ups and downs of the often challenging journey to bring therapies to patients.

Rod dug in our company when many other investors disappeared. He did the work and realized BioCryst's potential for treating rare diseases such as HAE long before others did.

## THE FUTURE LOOKS BRIGHT

Thanks to the genome, drug innovation is clearly accelerating.

We are living in the middle of a cancer therapy revolution.

**4,000+**  
Genetic  
Diseases

Gene sequencing has identified causes for over 4k diseases, and is growing at a rate of 200 per year.

**15,000+**  
Drugs in the  
Pipeline

The number of new patents has inflected upward. This is translating into both more and better drugs in the pipeline.

**500,000+**  
Lives Saved  
Each Year

In the coming decade, in the US we expect over half a million lives a year to be saved across diseases including cancer, neurologic, and rare diseases.

# LET'S TALK

We believe biotech will be a key value creator over the next decade.
