Through a broad range of investment services and strategies, we provide customized, objective and tactical investment advice.

What makes us different? Accessibility. Consistency. Flexibility. Performance. At Pegasus, our staff is always available.

Our growth depends on how successfully we manage your portfolio.

Making a difference is a daily commitment, not only in our firm, but within our communities.

We are focused on providing customized, comprehensive, trusted and objective financial advice to families and institutions.

Located in the New York Metropolitan Area, we are innovative advisers who provide access to a broad set of exceptional investment opportunities. We always put our clients' goals and needs first. Founded as a conservative financial investment adviser, Pegasus has roots that extend as far back as 1987.

Under the direction of Presidents Rodd D. Berro and John M. Sebastiano, the company has expanded its management style and focused on personal services.

Berro and Sebastiano merged their complimentary knowledge and experience, which stemmed from backgrounds in banking, financial planning and money management.

*"Our goal was to build relationships that would provide our clients with the highest level of trust and peace of mind," says Rodd D. Berro, Co-President of Pegasus Asset Management, Inc.. "And we did. We have clients today that have been with us since the beginning."*
