# Welcome to Condor Capital Management

Founded in 1988, Condor Capital is an employee owned SEC-registered investment advisor in Martinsville, NJ. We strive to be more than just your investment manager by providing a comprehensive range of financial planning services and acting as a fiduciary. This means that we're legally required to put our clients' interests first.

We provide our investment management services on a fee-only basis. Our fees are based on the size of our clients' portfolios, rather than commissions or number of trades, so there is no conflict of interest regarding our investment decisions.

As part of our integrated approach to investment management, we provide you with unlimited and thorough financial planning advice on a complimentary, as-needed basis.

We pride ourselves on providing **wealth management** solutions that combine investment management, financial planning, and relationship management services, including consulting with your other advisors, allowing you to streamline your complex financial affairs.

- Fee-only, **registered investment advisor**
- A true **fiduciary** working in your best interest
- Integrated approach to investment management that includes comprehensive **financial planning** on a complimentary, as-needed basis
- Simplify your life, leaving you free to pursue your personal goals
- Condor Capital claims compliance with the Global Investment Performance Standards (GIPS®). Please **contact us** for further information.
