American Investment Services (AIS) is a SEC Registered Investment Advisor founded in 1978. We proudly use funds provided by Dimensional Fund Advisors (<https://us.dimensional.com/>), Vanguard (<https://investor.vanguard.com/home/>), and other low-cost providers.

"AIS publications do not appeal to the millions of investors who are addicted to chasing stock market fluctuations"

~ E.C. Harwood

What Happens to Stocks When Interest Rates Change?

Dimensional examines US market returns and a variety of interest rates to determine if you can predict which way stocks will move when interest rates change.
