GBS Finance Participates in a Report on Alternative Investments by Estrategias

#### de Inversión

Jun 12, 2019

Alberto Roldán, director of GBS
Finance Wealth Management,
participates in a report on
alternative investments published
by the magazine Estrategias de
Inversión. Roldán points out that
"we cannot simply classify these
investments as better or worse,
they are simply different based on
the most basic scale of parameters
that every investor demands in any
investment, such as profitability
and risk".

# Alberto Roldán Analyzes the Value of Time in Investments

May 28, 2019

Alberto Roldán, director of GBS
Finance Wealth Management,
analyzes in capital.es what he
considers the basic principles that
every investor must take into
account before making decisions:
time and risk. In this sense, he
considers that "these two elements

# Alberto Roldan advises Investors to Exercise Patience and Caution in an Interview with Invertia

Jun 10, 2019

Alberto Roldán, director of GBS
Finance Wealth Management,
advises investors to exercise
patience and caution amid the
current situation of "negative rates
and some assets giving off
dangerous signals." In an interview
published by Invertia, Roldán
analyzed the challenges faced by
the financial management and
advisory industry and highlights
service and independence as the
unique qualities of a family office.

must be clearly interconnected, and, above all, well defined" before starting the search for the investment product to invest in.
