Carefully consider the investment objectives, risks, charges and expenses of any investment company before investing. A prospectus contains this and other important information. Contact us at 800-669-3900 for a copy. Read carefully before investing.

ETFs can entail risks similar to direct stock ownership, including market, sector, or industry risks. Some ETFs may involve international risk, currency risk, commodity risk, and interest rate risk. Trading prices may not reflect the net asset value of the underlying securities. Commission fees typically apply.

Market volatility, volume, and system availability may delay account access and trade executions.

TD Ameritrade does not charge platform, maintenance or inactivity fees. Commissions, service fees and exception fees still apply. Please review our [commissions](#) and [fees](#) for details.

A rollover is not your only alternative when dealing with old retirement plans. [Learn more](#) about rollover alternatives.
