Welcome to Schnieders Capital Management, LLC

Schnieders Capital Management's (SCM) mission is to enhance the financial well-being of individuals and institutions by creating custom tailored portfolios that meet their specific needs. At SCM, we develop financial plans based upon the long term goals, risk tolerance, and income needs of our clients.

Our setting offers a small, personal firm where clients work with senior professionals who make investment decisions. Our customized investment advice is based upon our 90 years of cumulative experience; and we work with each client to create portfolios predicated upon their individual needs and circumstances.

We use the latest technology in analyzing companies and in structuring our portfolios. We also provide clients 24 hour per day access to their portfolio via our website, in addition to monthly statements, and quarterly market reports.

We are different than many investment firms due to our long term investment approach and our dedication to client service. We take pride in the fact that we enjoy numerous long-term client relationships, often across multiple generations.
