

# Mission Statement

**Carrington Capital Management, LLC (CCM)** is an alternative asset management firm focused on control-based investing in the US real estate, mortgage and fixed income markets. Through the mortgage loan servicing and property management operating affiliates, CCM is uniquely positioned to offer investment products that benefit from the operational resources and knowledge capital that flow across the Carrington platform.

We provide investment strategies where our portfolio management team maintains an identifiable competitive advantage created by the firm's resources, market expertise, and local property market penetration.
