

Our Investment Philosophy

Epoch's investment approach is designed to uncover opportunities that others may miss. In our view, growth of free cash flow, and the intelligent use of that cash flow, represent the best predictor of long-term shareholder return. We look for strong company management with a commitment to financial transparency and a track record of delivering returns to shareholders.

At Epoch we aspire to:

- Provide superior, risk-adjusted results using a transparent approach based on our free cash flow philosophy.
- Serve investors who seek and value Epoch's investment approach.
- Continue as a thought leader and innovator in global investment management.
