## News & Perspectives

### King's College London Mathematics School receives significant charitable donation from Man Group

---

We are delighted to announce our charitable partnership with King's Maths School to support its mission of educating and cultivating exceptional young mathematical talent. The school plays a vital role in helping aspiring mathematicians grow and sustain their interest in the subject, as well as encouraging the continued development of diversity in STEM subjects and careers.

### How to Save the World: Green Bonds and Central Bank Regulation

---

Jul 2019

Why are central banks increasingly focused on the relationship between climate risk and financial stability? Listen to Jason Mitchell discuss with Michael Sheren, Senior Advisor within the Bank of England, discuss the role of central banks in greening the financial system and the case for green securitisation.

### Man FRM Early View - June 2019

---

Jun 2019

Government bond yields continue to fall despite the rally in equities. Hedge funds enjoyed a positive June across most strategies. Equity Long-Short returns were largely driven by market beta given the scale of the market bounce.

## A Story of Six Puts

---

Jun 2019

This year's rally has been driven by six 'puts', in our view. All show how far policymakers could go to avoid disruption. None are a solution.

## Join the Man Group team

---

We pride ourselves on the quality of our people; joining Man Group means becoming part of a high calibre team.

## Views From the Floor

---

Jul 02 2019

Over the past few months, we have argued that we think the cycle still has some way to run. This week, we highlight developments that could prove otherwise.

## AHL Explains

---

Narrated by Man AHL's Chief Scientist, Dr Anthony Ledford, the 'AHL Explains' video series explores key concepts in futures trend following programmes – bringing each concept to life by focusing on principles, not details.
