At Cranbrook Wealth Management, we essentially operate as your financial concierge; helping to manage your cash flow, design your estate plan, evaluate your insurance policies, manage your investment portfolio, construct your business succession plan, and strategize on the many financial and life decisions you encounter. Most importantly, we do this on a fiduciary basis. As a fiduciary, we are legally required to act in your best interest at all times. We strive to both simplify your life and construct a comprehensive plan that will effect the happiness, prosperity, and well-being of you and your family. Our strength lies in our deep client relationship, attention to detail, and independent business model.

If you are interested in an independent, fiduciary relationship and the construction of a comprehensive wealth management plan, please contact us at your earliest convenience. Let us help you ***build, protect, and transfer your wealth.***
