### PRESS RELEASES

#### **[Blackstone Completes Conversion to a Corporation \(media/press-releases/article/blackstone-completes-conversion-to-a-corporation\)](#)**

New York, July 1, 2019 – Blackstone today announced that it has completed its previously announced conversion to a corporation from a publicly traded partnership.

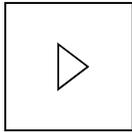

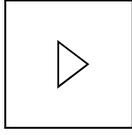

### INSIGHTS

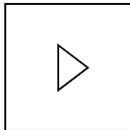

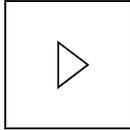

#### **[Joe Zidle: Better than Goldilocks \(insights/article/joe-zidle-high-risk-overvalued-market\)](#)**

If current prices tell the story, this is an epic one. US equities are up over 18% year to date, high yield and emerging market bonds are up 10%, and just about the only thing down is volatility—a whopping 45% since January. But corporate profits are declining, global growth is grinding to a halt among many major economies, deflationary trends are emerging, trade wars linger and geopolitical tensions are heating up.
