## Put a *fiduciary* to work for you

---

### **FIDUCIARY (FI-DOO-SHEE-ER-EE)**

*noun*

1. person to whom property or power is entrusted for the benefit of another.
-

At Snow Creek Wealth Management, you work with a Registered Investment Advisor who serves as a fiduciary, obligated to avoid conflicts of interest, operate with full transparency and make decisions solely with your best interests in mind.

Because we are not bound to proprietary products, we can cost-effectively leverage many different resources to meet your specific needs, including our own experience as Certified Financial Planners and CPAs.

Working with a fiduciary can pay off — literally. It is estimated that non-fiduciary advice costs Americans one percentage point of their return — or \$17 billion — each year.

Contact us (<http://scw.test/contact-us/>) to learn more about how a Snow Creek fiduciary can help you achieve your financial goals.
